

SePTIS'09 Third Edition SITIS'09 Workshop on Security and Privacy in Telecommunications & Information Systems

in conjunction with The 5th International IEEE Conference on
SIGNAL-IMAGE TECHNOLOGY & INTERNET- BASED SYSTEMS (SITIS'08)

Sponsored by the IEEE and in Cooperation with ACM SIGAPP

November 29th - December 4rd, 2009

Kenzi Farah Hotel
Marrakech, Morocco

August 28, 2009

The security of digital exchanges and digital identity management are main concerns when dealing with the global security applied to the world of information systems. Furthermore, the advent of web technologies modifies every day our vision on information systems security. The SePTIS workshop main topics encompass research advances around digital identities and secure exchanges between information systems with a focus on web technologies.

The main topics of SePTIS include, but are not limited to, the following

Security with Web Technologies & Web Services Security

- *Security Models, Architectures & Protocols*
- *Formal Methods related to Web Applications*
- *E-Commerce & E-Government Security*

Identity Management and New Ideas & Paradigms for the Security of Digital Identities

- *Authentication & Identity Establishment Paradigm*
- *Authorization, Access Control & Accounting*
- *Security, Anonymity & User Privacy*
- *Security & Privacy in Pervasive and Ubiquitous Computing*

Information System Paradigms

- *Trust Negotiation, Establishment & Management*
- *Intrusion Avoidance, Detection, Response & Prevention*
- *Security Management & Strategy*
- *Digital Rights Management & Intellectual Property Protection*

Submission and publication

SePTIS seeks high-quality research contributions in the form of original and well-developed full papers on the topics described below. All submitted papers will

be peer-reviewed by at least two reviewers for technical merit, originality, significance and relevance to track topics.

Submitted papers must be up to 8 pages and follow IEEE double columns publication format. Prospective authors should submit their papers online at: SITIS 2009 SUBMISSION SITE (<http://www.easychair.org/conferences/?conf=sitis09>).

Accepted papers will be included in the conference proceedings published by the IEEE Computer Society and referenced in IEEE Xplore and major indexes.

Paper proposals should also be submitted to jacques.fayolle@univ-st-etienne.fr and mikael.ates@univ-st-etienne.fr. Acceptable file formats are: Postscript and PDF. Hard copy submissions are not permitted.
